

A Real UNION with Real POWER.

As Teamsters, we have the support and resources of one of the strongest Unions in North America.

Teamsters 856 members who left Local 1 have enjoyed improvements to their healthcare, wages and other benefits. We can't promise you will have the same success, but what we do know is that with a strong Union you can build power.

If enough Contra Costa County employees sign cards, you can have an election and choose a Union that will fight to protect workers and demand respect. Your signed card is confidential and will not be shared with Local 1.

Join us and get the representation you deserve.

"Because we have the Teamsters fighting for us and backing us, our management finally gives our unit the respect we deserve. "
